

Norwegian Dawn

Big Apple meet big ship.

Norwegian Dawn is truly a beauty - you'll recognize her by the Statue of Liberty adorning the hull - and she's been New York's favorite ship since she began sailing from the Big Apple in 2003. Norwegian Dawn is built for Freestyle Cruising with 12 different restaurants, nine bars and lounges, fitness center and spa, Broadway Theater, casino, three pools and more - making sure you never run out of things to see and do on your trip. Take a break from the big city and head aboard Norwegian Dawn to Bermuda, the Bahamas, Caribbean or Canada & New England.
