â€œYOU HELPED SAVE OUR VACATION!â€•

"My husband and I had been dreaming of taking a trip to Hawaii for the past ten years. Six weeks before the trip, my car broke down and needed a new transmissionâ€”to the tune of \$2000! We thought we were going to have to cancel the trip because we just didnâ€™t have enough to fix the car AND take our dream vacation that yearâ€”and then I found Premier Travelers Club! I honestly didnâ€™t expect much but signing up was free so I decided it couldnâ€™t hurt. Boy am I glad I didâ€”between airline tickets, hotel rooms, car rental, and even mealsâ€”we ended up saving more than \$1200 thanks to your special offers and coupons! Thank you from the bottom of my heart for the best vacation of my lifeâ€”you helped save our vacation!"

â€œI NEVER THOUGHT I COULD HAVE SUCH A GREAT TIME...â€•

"The stress from my job was getting the better of me. I was snapping at my coworkers and I was getting pretty irritable with my boyfriend, Jake. I needed a break, but I had no vacation time to use and I can't afford to take off without pay. Jake had joined the Premier Travelers Club a couple months ago, and he got an email from you about a last minute offer for a weekend in Las Vegas. He booked a room for us and surprised me on Friday as I was getting off work by showing up with bags packed. He whisked me off to the airport and we flew to Vegas and we had an incredible time. I never thought I could have such a great time over a single weekend. It was great to get away from all the stress and just have some fun. Best of all, Jake told me that he had saved over \$600 on the weekend because of the Premier Travelers Club."

"Every year, me and four of my old buddies from college head up to Canada for our annual hunting and fishing tripâ€”to the tune of about \$3,000 each. I heard about your Premier Travelers Club from a friend at work and I decided to sign up to try and save a few bucks to buy some new gear. With all the online coupons and special discounts, I saved more than a weekâ€™s payâ€”enough to buy a new fishing pole and tent, and then some!"

“TRIPBLIP IS LIKE HAVING MY OWN PERSONAL TRAVEL AGENT!”

"I just wanted to write and tell you how amazing TripBlip is. I've seen other programs that say they do the same thing, and I've tried a few of them. Most of them run on your computer and take up your computer's resources, and end up showing me the same things over and over. Not TripBlip, though. I know that it CAN run on my computer like the others, but the great thing is IT DOESN'T HAVE TO! I can just go online and configure my searches and sit back and not have to worry about whether it is going to mess up my computer. And the deals it finds me are INCREDIBLE! I just wish I could afford to go on ALL the vacations it shows me. Honestly, TripBlip is like having my own personal travel agent!"

So just to recap... here is everything you are getting to start you towards your next vacation today!

As you know... I've decided to open up our previously paid club memberships to everyone for FREE, offering you the best savings on all aspects of travel. You see, I believe that EVERYONE DESERVES A VACATION from the daily grind, but in the current economy it is getting more and more difficult to set aside the money to get away from it all.

Let's take a look at some of the expenses related to a typical vacation. It turns out that a family of four can easily spend \$500 or more PER DAY on vacation expenses:

Transportation: Airline tickets, car rental, and any form of transportation—including your own vehicle—is going to eat a major hole in your vacation budget.

Lodging: No matter where you decide to go on your vacation, you need a place to sleep and its going to cost you big time! Lodging is often the largest vacation expense with hotel rooms going for \$200 or more per night in any place within a 2 hours drive of a hot spot!

Dining: The great thing about a vacation is that you don't have to cook—unfortunately, that is going to cost you. Even dining in very modest restaurants the average cost per person is around \$50 per day! A family of four can easily spend \$500 or more on food during a 7-day vacation!

Entertainment: Entertaining yourself is what a vacation is all about and you have to find something to do for the times when you're not eating or sleeping—unfortunately, that is going to cost you. A very modest budget of \$50 per person each day will still add up to more than \$1000 for a family of four on a 1-week vacation!

Every one of these expenses can be 40-100% higher during peak vacation times and in hot tourist spots—you know, like all the places you REALLY want to visit! Bottom line: A vacation may be a necessary for your sanity but it can be devastating to your finances. Family vacation expenses can easily exceed \$3000 or more for just 7 days—and that's a bare bones, and better eat at the buffet type of vacation!

And Then There's The Economy...

As if its not hard enough already to save up that kind of money for your vacation then the economy takes a nose dive! You may want a vacation, need a vacation, honestly deserve a vacation—but how can you possibly justify the expense in this economy??

That's where we come in. As a member of the Premier Travelers Club, you will have access to all the tools you need to find the greatest deals around. So don't even think about cancelling or even downgrading your vacation until signing up for your FREE Silver Membership to see how much Premier Travelers Club can save you!!
